## APEC COUNTER-TERRORISM ACTION PLAN

ECONOMY: PERU

LAST UPDATED: SEPTEMBER 2009

**EXECUTIVE SUMMARY** 

Summary of main progress/achiev

#### 1. ENHACING SECURE TRADE IN THE APEC REGION

#### A1 Protect Cargo:

- 1. Implementing standards for electronic customs (WCO): Perú has an integral risk management, but the WCO data model has not been fully implemented.
- 2. Implementing the APEC framework bases on the WCO Framework of Standards to Secure and Facilitate Global Trade: Perú do not have any electronic system (X,Gama rays) to examine containers
- 3. Promoting private sector adoption of high standards of supply chain security: Periodical meetings have been held with the private sector in order to improve agreements in customs procedures.

#### A2 Protect Ships engaged international voyages.

- 1. Port facilities security plans: 7 Port facilities Plans in progress for implementation according ISPS Code
- 2. Enhacing cooperation on fighting piracy between APEC Foro and organizations such as IMO: ENAPU (Peruvian Public Ports Operator) has set and agreement since 2004 with the IMO for implementing equipment 803 patrol boats).

#### A3- Protect International Aviation

- 1. Implementing baggage screaning procedures, standards of reinforced flight deck doors: X-ray equipment for checked in baggage has already been installed at Jorge Chavez International Airport, thus complying with 100% checked- in baggage screening.
- 2. Enhancing air cargo security by promoting adoption of the guidelines developed by ICAO: At 2006, only cargo and postal services from agents accredited by the Directorate General of Civil Aeronautics (DGAC, in Spanish) are accepted, in compliance with the AVSEC National Program and RAP-109.
- 3. APEC economies to conduct one MANPADS' assessment of a major international airport by the end of 2006 using the MANPADS' Vulnerability (MVA) Assessment guide established by the ICAO or similar international guidelines: An MVA was conducted at Jorge Chavez International Airport with the support of the Transportation Security Administration.

### A4. Protect People in Transit

- 1. Implementing Advance Passenger Information System (API): Perú has not been implemented API.
- 2. Adopting and implementing agreed standards for machine readable travel documents by 2009, and application of biometrics in entry and (where applicable) exit procedures and travel documents consistent with ICAO and the International.
- Since 1997 Peru has an automated database in order to share information between all Peruvian Immigration offices. Because of budgetary reasons Peru can not implement yet the biometric reading of passports.

## A5 Combat Threats Security.

- 1. Strengthened non-proliferation regimes and adopting and enforcing effective export controls: 07 Port Facilities (Domestic) in progress for implementation according ISPS Code.
- 1. Ensure that any measures taken to combat terrorism comply with all relevant obligations under international law (human rights, refugee and humanitarian law): Peruvian Anti terrorism legislation has been promulgated in order to fight against terrorism and to protect human rights.
- 2. Increase and better coordinate counter-terrorism activities Terrorism Task Force, the Counter Terrorism Action Group (CTAG) of the G-8, the United Nations Security Council Counter Terrorism Committee and other relevant international, regional and functional organization: Peru, as an active member of the United Nations, APEC, the OAS, ACN and other groups, promotes greater collaboration between the organizations to ensure greater efficiency in achieving counter-terrorism objectives. As a member of the UN Security Council between 2006 and 2007, Peru chaired the Working Group created under SC Resolution 1566 with the task of developing recommendations to combat people, groups and entities involved or associated with terrorist activities. The Working Group also developed proposals for the establishment of an international fund to compensate the victims of acts of terrorism and their families.
- 3. Implement of UN and other international instruments: By October 2001,

#### **B. HALTING TERRORIST FINANCING:**

- 1. Steps to cut off terrorists' access to the international financial system and enhancing law enforcement and regulatory capabilities by establishing or identifying a financial intelligence unit (FIU) in each member economy: Article 4 of Peruvian Law N° 25474 states that financing terrorism is a way to support terrorist activities. Consequently, financing terrorism is a criminal offence and subject to legal punishment.
- 2. Supporting the FATF's Special Recommendations on terrorist financing and; calling on the IMF and World Bank, in coordination with FATF: representative of the FATF), Peru endorsed the FATF's 40 Recommendations to Combat Money Laundering, and the 8 Special Recommendation on Terrorist Financing. . CYBER SECURITY:
- 3.Enhancing critical information infrastructure protection and cyber security: This commission is currently working on a complementary law proposal on the subject in Peru. Criminal Law Against Money Laundering (Law 27765) establishes that money laundering is punished at a minimum of 8 years and a maximum of 15 years.

## 2. Identified capacity building opportunities

## A1 Protect Cargo.

- 1. Training on implementing Data Model by the WCO.
- 2. Seminar or workshop: information analysis, containers inspection, security port requirements. CTAPT Program, Port Security.

## A2 Protect Ships engaged international voyages.

1. Training about new equipment for anti piracy responses, measures for antipiracy and for piracy incidents.

## A4. Protect People in Transit

1. Technical support, advance technology systems and equipment.

## 3. Identified agenda on priorities/needs

## A1 Protect Cargo:

- 1.Implementing standards for electronic customs (WCO data model) and the APEC framework bases on the WCO Framework of Standards to Secure and Facilitate Global Trade.
- 2.Promoting private sector adoption of high standards of supply chain security: Periodical meetings have been held with the private sector in order to improve agreements in customs procedures

## A2 Protect Ships engaged international voyages.

- 1.-Implementing Port facilities security plans ISPS Code.
- 2.-Enhacing cooperation on fighting piracy between APEC Fora and organizations such as IMO.

#### A3.Protect International Aviation:

- 1.-Implementing baggage screaning procedures, standards of reinforced flight deck doors.
- 3.-Enhancing air cargo security by promoting adoption of the guidelines developed by ICAO.
- 4.-Implementing MANPADS and Assessment guide established by the ICAO.

## A4. Protect People in Transit:

- 1.Implementing Advance Passenger Information System (API).
- 2. Adopting and implementing agreed standards for machine readable travel documents.

## A5 Combat Threats Security.

- 1. Strengthening non-proliferation regimes and adopting and enforcing effective export controls.
- 2. Ensure that any measures taken to combat terrorism comply with all relevant obligations under international law (human rights, refugee and humanitarian law).
- 3. Increase and better coordinate counter-terrorism activities Terrorism Task Force, the Counter Terrorism Action Group (CTAG) of the G-8, the United Nations Security Council Counter Terrorism Committee and other relevant international, regional and functional organization.
- 4. Implement of UN and other international instruments.

## **B. HALTING TERRORIST FINANCING:**

1. Steps to cut off terrorists' access to the international financial system and enhancing law enforcement and regulatory capabilities by establishing or identifying a financial intelligence unit (FIU) in each member economy.

#### C. CYBER SECURITY:

1.-Enhancing critical information infrastructure protection and cyber security.

## A. ENHANCING SECURE TRADE IN THE APEC REGION

Asia Pacific Economic Cooperation (APEC) economies will work together to secure the flow of goods and people through the following measures.

# A.1 Protect Cargo:

| Contact | Point: |
|---------|--------|
|---------|--------|

| Name: _Juan Edmundo Pozo Vivanco                  | _Title:         | _Security & Sa | afety National Port Manager  |                  |  |
|---|-----------------|----------------|------------------------------|------------------|--|
| Telephone Number:(511) 4538112 / (511) 4535656 Ex | ctension 1501 I | Fax Number:    | (511) 4538274 Email Address: | ipozo@apn.gob.pe |  |

| OBJECTIVE   | EXPECTED OUTPUTS  | MEASURES UNDERTAKEN OR TO BE COMPLETED IN 2009  | FURTHER MEASURES PLANNED (indicate timeframe) | CAPACITY BUILDING OPPORTUNITIES TO MEET AGREED TARGETS |
|---|---|---|---|--|
| Implementing the common standards for electronic customs reporting developed by the World Customs Organization (WCO) that provide data to target highrisk shipments and facilitate trade. | <ol> <li>Computerized customs clearance system adopted</li> <li>Risk management system in operation</li> <li>Analysis of current data requirements conducted against WCO Customs Data Model – version 1.</li> <li>World Customs Organization (WCO) Customs Data Model adopted.</li> </ol> | 2. Peruvian Customs has designed an alert system on Imports based on risk criteria.  3. Peru has an integral risk management but the WCO data model has not been fully implemented. |   | Training on implementing Data Model by the WCO.        |

| OBJECTIVE   | EXPECTED OUTPUTS  | MEASURES UNDERTAKEN OR TO BE COMPLETED IN 2009  | FURTHER MEASURES PLANNED (indicate timeframe) | CAPACITY BUILDING OPPORTUNITIES TO MEET AGREED TARGETS   |
|---|---|---|---|--|
| Implementing the APEC Framework for the Security and Facilitation of Global Trade, which is based on the "WCO Framework of Standards to Secure and Facilitate Global Trade" and to create an environment for the secure and efficient movement of goods, services and people across the borders | Adoption of international standards for securing and facilitating the global trade supply chains within APEC region through,  1. Implementation of standards contained in Pillar 1 - Customs to Customs Network Arrangements, including: - harmonization of the advance electronic cargo information requirements for customs purposes; - application of a consistent risk management approach to address security threats; and - use of non-intrusive detection equipment for cargo examination.  2. Implementation of standards contained in Pillar 2 - Custom to Business Partnerships, including: - realization of benefits to businesses that meet minimum supply chain security standards and best practices. | Custom Authorithies continue to alert the respective Peruvian entities about the importance of implementing the APEC Framework for the Security and Facilitation of Global Trade. |   | Seminar or workshop on information Analysis Seminar or workshop on containers inspection Exchange of information and experiences with other APEC Customs Administrations regarding their Operative Unit's. |

| OBJECTIVE   | EXPECTED OUTPUTS  | MEASURES UNDERTAKEN OR TO BE COMPLETED IN 2009   | FURTHER MEASURES PLANNED (indicate timeframe)  | CAPACITY BUILDING<br>OPPORTUNITIES TO MEET<br>AGREED TARGETS   |
|---|---|--|--|--|
| Implementing as practicable as possible a container security regime that facilitates the smooth flow of trade while enhancing the integrity of containers; identify and examine highrisk containers, and working within international organizations to require the provision of advance electronic information on container content to customs, port, and shipping officials as early as possible in the supply chain | <ol> <li>Security criteria for identifying high-risk containers established</li> <li>Containers prescreened at the earliest possible point</li> <li>Containers (or goods) secured at the earliest possible point and the integrity of the security is maintained</li> <li>Technology used to pre-screen high-risk containers</li> <li>Use of secure and "smart" containers</li> <li>Legal basis for advance electronic information established</li> </ol> | 1.Peruvian Customs have an office called Special Operation Management, which is responsible for interdicting containers and goods that could be linked to Illicit Traffic of Goods.  This activity is based on information analysis related to import/export cargo, as well as coherence of the cargo with its destiny.  Currently, Peruvian Customs do not have any electronic system such as X-rays or Gamma rays to examine containers.  Electronic information of cargo manifest is transmitted by UN EDIFACT to the customs administration, before the cargo arrives. Coordination between Peruvian custom, National Port Authorities and United Stated Government for implementation CSI Program Main Equipment Scanners installed in Callao & Paita Ports | There is a plan to create a Consultant Committee made up of Peruvian Customs and Private Sector.  It is expected to have this system in the near future.  USA Embassy (NAS) & Peruvian Custom continue program for use Scanner on risk export cargo (Containers only) Callao & Paita Port. | Seminar or workshop on information Analysis Seminar or workshop on containers inspection Exchange of information and experiences with other APEC Customs Administrations regarding their Operative Unit's. Training Courses in CSI Program Training about USA TLC Security Port Requirement. |

| OBJECTIVE   | EXPECTED OUTPUTS  | MEASURES UNDERTAKEN OR TO BE COMPLETED IN 2009   | FURTHER MEASURES PLANNED (indicate timeframe) | CAPACITY BUILDING<br>OPPORTUNITIES TO MEET<br>AGREED TARGETS |
|---|---|--|---|--|
| Promoting private-sector adoption of high standards of supply chain security, as developed by the private sector and law enforcement officials. | 1. Cooperative arrangements with the private sector implemented and monitored  2. Liaison channels established between private sector and law enforcement officials.                          | Periodical meetings have been consequently held with the private sector in order to reach continuous improvement agreements in customs procedures, thus benefiting the business sector with foreign trade facilitation measures. BASC (Business Antismuggling Coalition), a Peruvian Customs closely related organization, supports Peruvian Customs in the fight against smuggling and the Illicit Cargo Traffic.  C-TPAT Requirement analysis in framework USA -TLC. |   | Training Courses in C-TPAT Program                           |
| Continue cooperation<br>between APEC member<br>economies to facilitate trade<br>recovery after a terrorist<br>attack                            | 1. Undertake APEC Trade Recovery Progamme (TRP) pilot projects 2. A group of economies will undertake a TRP Pilot exercise and report its outcome and recommendations to Leaders in Nov 2009. |  |   |  |

| OBJECTIVE  | EXPECTED OUTPUTS | MEASURES UNDERTAKEN OR TO BE COMPLETED IN 2009 | FURTHER MEASURES PLANNED (indicate timeframe) | CAPACITY BUILDING OPPORTUNITIES TO MEET AGREED TARGETS |
|--|------------------|--|---|--|
| Working towards more consistent security measures that reduce transaction costs, and to enhance cooperation with the private sector. |                  |  |   |  |

## **B. HALTING TERRORIST FINANCING:**

We will jointly work to deny terrorists access to the world's financial system and use the money trail to locate and apprehend terrorists.

Contact Point: Name: Mr. Enrique Saldivar \_\_\_\_\_\_\_Title: Chief of Financial Intelligence Unit of Peru (FIU). Telephone Number: \_51-1-6146601\_\_\_\_\_ Fax Number: \_ \_ \_ Email Address: esaldivar@sbs.gob.pe

| OBJECTIVE  | EXPECTED OUTPUTS  | MEASURES UNDERTAKEN OR TO BE COMPLETED IN 2009   | FURTHER MEASURES PLANNED (indicate timeframe)   | CAPACITY BUILDING OPPORTUNITIES TO MEET AGREED TARGETS |
|--|---|--|---|--|
| Leaders agreed to take steps to cut off terrorists' access to the international financial system, including implementing standards and agreements on combating terrorist financing and money laundering. (SD-2004)  Enhanced law enforcement and regulatory capabilities by establishing or identifying a financial intelligence unit (FIU) in each member economy, and taking steps to enhance information sharing with other FIUs. | <ol> <li>terrorist assets blocked</li> <li>the financing of terrorism made a criminal offence</li> <li>efforts to investigate and prosecute money launderers and terrorist financiers increased</li> <li>regulation and supervision of the financial sector consistent with international standards</li> <li>joint identification and designation of targets of regional interest.</li> </ol> | 1. According to the Peruvian laws, a judicial decision is required for blocking accounts and assets. However, it is possible to know if banks have accounts that belong to persons listed by the UN Security Council Resolutions. To date, they have not found any account.  2. Article 4 of Law 25474 states that financing terrorism is a way to support terrorist activities.  Consequently, financing terrorism is a criminal offence and subject to legal punishment.  3. Criminal Law Against Money Laundering (Law 27765) establishes that money laundering is punished at a minimum of | Due to the issuance of Law 28306, the SBI, in coordination with the FIU, has to approve a new regulation for the banking, insurance and private pension funds sector that meets the new legal framework established at the end of July 2004. This is being completed. |  |

|           |                  | 8 years and a maximum of 15 years. Also the omission of reporting suspicious transactions or operations is considered as a crime, and it is punished by a minimum of 3 years and a maximum of 6 years. According to this law, money laundering is considered as a crime regardless the original crime. By enacting Law 27693, the Financial Intelligence Unit of Peru (FIU) was created in 2002 and the number of persons who are obliged to implement measures to prevent money laundering was expanded (Not only banks but also insurance companies, private pension funds, and other similar companies). These companies must apply the "know your customer" principle, |   |  |
