## **COURSE OUTLINE**

### **1. BACKGROUND**

In APEC, the ensuring of free economic activity and the effective functioning of market mechanism require the establishment and effective enforcement of competition law and/or implementation of competition policy. In this respect, the Committee on Trade and Investment (CTI) and other fora have provided the opportunities for the conduct of seminars promoting understanding of the importance of competition policy. Aiming at the liberalization and facilitation of trade and investment in APEC, there is an increasing need for technical assistance to promote the establishment of policy and legal structures related to competition.

The “APEC Training Programs on Competition Policy” that is the predecessor of the “APEC Training Course on Competition Policy” supported by Trade & Investment Liberalization & Facilitation (TILF) Fund in 2002 (CTI33/2002T), in 2003 (CTI05/2003T) and in 2004 (CTI03/2004T) have been approved at Senior Officials’ Meeting (SOM) and Budget & Management Committee (BMC). The training programs, consisting five training seminars were successfully held in August 2002 in Bangkok, Thailand, in August 2003 in Hanoi, Vietnam, and in March 2004 in Kuala Lumpur, Malaysia besides the last two (2) training programs, which focused on more specific issues, were held in Ho Chi Minh, Vietnam and Yogyakarta, Indonesia on August 2004 and December 2004, respectively.

Considering the support and demand for the continuation of the program from APEC member economies, and having the expiration of the three-year “APEC Training Program on Competition Policy” in 2004, a new training course, “APEC Training Course on Competition Policy” in 2005 (CTI03/2005T) was proposed and approved by CTI & BMC as well as SOM. As the result of co-operation from member economies in providing lecturers, active participation of experts from member economies, as well as constant review of the program responding to the needs of member economies, the programs and course have gained a wide support and high appreciation in the APEC community.

This training course consists of a series of workshops in the field of competition policy in the coming five (5) years from 2005 to 2009 in collaboration with Japan and the interested member economies. The first training course was held in Manila, Philippines in August 2005. The Government of the Thailand (Department of Internal Trade, Ministry of Commerce) will conduct the second seminar with the support of the Government of Japan (Japan Fair Trade Commission).

### **2. OBJECTIVE**

The main objective of this Course is to contribute “*APEC Principles to Enhance Competition and Regulatory Reform* ” which was presented by Competition Policy and Deregulation Group (CPDG) and Strengthening Economic Legal Infrastructure Coordinating Group (SELI).

In addition, it must be emphasized that the Course also responds to “Structural Reform in APEC economies” and “APEC STRUCTURAL REFORM ACTION PLAN” adopted by the APEC Ministers Meeting in 2003 and “Leaders’ Agenda to Implement Structural Reform (LAISR)” adapted by Leaders in 2004. To achieve this objective, the training course provides technical co-operation and assistance, and builds capacity especially in developing economies by better utilizing the accumulated APEC knowledge and expertise on competition policy and regulatory reform, mainly focusing on competition policy.

Through the training course, in short term, the participants are expected to:

- Broaden the knowledge of discussions concerning cartels, abuse of dominant position and mergers, especially investigation measures;
- Exchange information on members’ respective competition policies and laws, thereby enhancing common understanding;
- Have a deeper understanding of the key principles and issues in competition policy and law.

In the long term, the achievement of this project’s objectives will be measured by seeing to what extent the project contributes to the effective enforcement of competition law and policy, the encouragement of competition culture and advocacy among member economies.

## 7. METHODOLOGY

### (1) AGENDA

The tentative agenda of the course is shown in ANNEX I.

### (2) Organization of Training Course

This Training Course will be conducted in the form of plenary sessions and break out sessions (small group meetings). Keynote speakers are expected to deliver keynote speeches and to facilitate and support the discussions in small group meetings through assisting moderators for each small group to the extent possible.

Break out sessions will be conducted by two small groups as follows:

**Group 1: “Regulation of Business Combination” and,**

**Group 2: “Competition Advocacy”**

Each moderator is expected to manage his/her small group discussions and to make summary presentations at the wrap-up session on the last day.

Each participant will make a presentation in accordance with the group topics, and take part in discussion following presentations. (All lecturers and participants financed by the APEC TILF Fund have obligations to make presentations.) The time frame for each set of presentation and discussion will be about thirty minutes. In the “Small Group” sessions, where appropriate, participants are encouraged to provide their implementation experience through case studies or concrete explanations about the proposed main topics based on their own experience and practice. The detailed description of the proposed main topics of this training course are as follow:

### **Group 1 – Regulation of Business Combination**

- Challenges and obstacles to regulate business combination
- Experiences to define market definition (e.g. challenges and obstacles)
- The report/form of the analysis of competitive effect of business competition (taking into consideration of market power, entry & expansion, import & export, unilateral & coordinated effect etc)
- Statistics of business combination cases
- Case Studies (if any)
  - Outline of the Case
  - How to examine the Case (How to define relevant markets, How to measure market shares, How to evaluate market powers)
  - How to regulate the Case

*Note:* For economies which have investigation cases related to regulation of business combination, please introduce cases (Actual cases or hypothetical case which resembled as possible cases handled in the past).

### **Group 2 – Competition Advocacy**

- (1) For economies which have a competition law,
  - Challenges and obstacles of Competition Advocacy
  - Key success to create competitive environment
  - Best practice to promote Competition Advocacy
- (2) For economies which do not have a competition law,
  - The challenge for establishment of competition agencies/introduction of Competition policy and Laws
  - Problems in the process of them

*Note:* Each participant in Group 1 and 2 should prepare a **designated report** with regard to its own topic. This report will be distributed to all participants as reference material.

### **(3) Evaluation**

Participants are required to complete and return the evaluation form by the end of the three-day program. In the evaluation form, each participant is encouraged to discuss benefits received from the training course and make request for future cooperation training course on competition policy.

#### (4) Language

The training course will be conducted in English.

#### (5) Disclosure policy

*All presentation materials are assumed to be public and may be used for other competition advocacy activities without any modification.*

## 11. ALLOWANCE AND EXPENSES

### (1) Allowance principles

The APEC Secretariat will provide the expenses for moderators/lecturers/speakers and participants on the following principles:

#### <Speakers from international organizations, moderators for small groups and lecturers>

- (a) Keynote speakers from international organizations and academia, moderators for small group meetings, who take **more than 12 hours flight time** from their economies to Bangkok, will be provided with round trip airfares of **business class** and in the most direct route, and per-diem (including accommodation fees).
- (b) Others will be provided with round trip airfares of **PEX class** and in the most direct route, and per-diem (including accommodation fees). The non-travel eligible APEC economies will be able to recommend lecturers to project overseers. Speakers/Lecturers and moderators will be designated by the project overseers.

#### <Active participants from travel-eligible APEC member economies>

##### **Airfare**

Up to **two (2)** participants from each developing APEC member economy (excluding participants from the Thailand) will be provided with round trip airfare at **the PEX price** and in the most direct route.

##### **Per diem**

Only **one (1)** participant from each travel-eligible APEC member economy will be provided with per-diem (including accommodation) in addition to the airfare. (Participants from Thailand are not entitled to per diem.)

The nominating economy should therefore indicate clearly which participant is entitled to receive the per diem (including accommodation) and inform both participants.

Travel expenses, per-diem and accommodation expenses are normally provided on a reimbursement basis. For the APEC Training Course on Competition Policy, the APEC Budget & Management Committee (BMC) approved a waiver for advance payment. This does not mean that the concession of the advance payment is automatic. The advance payment is not provided unless, on individual basis, participants and moderators/lecturers and speakers request for it. In order to get the advance payment, participants and moderators/lecturers and speakers should request it at least one month

in advance to the date of the training (**not later than July 7, 2006; request can be sent before DIT finalize the list of participants**). The request should be made along with the requirements as mentioned below.

## (2) Signing of Undertakings

Once the APEC Secretariat receives the final list of participants and moderators/lecturers/speakers from the organizers, each participant and moderator/lecturer/speaker needs to contact APEC Secretariat individually. An undertaking needs to be signed by each APEC-funded traveler at least 8 working days before travel commences. The APEC Secretariat will not reimburse travel costs which are not supported by the signed undertaking. The undertaking will be based on the quotation of the most direct and economical return trip (including airport and airport taxes, if any) to attend the training. This quotation should be obtained by the APEC-funded travelers from his local travel agent. The complete travel itinerary and quotation should be forwarded to the APEC Secretariat for assessing before firming up the travel arrangements. The APEC Secretariat will assess this through Internet searches of travel web-sites including those in the traveler's home economy.

## (3) Per Diem, Accommodation and Transportation

The APEC Secretariat will reimburse USD120 per person, per day, for at most 4 (four) days (arrival day and agreed duration to attend the course based on the signed undertaking). This daily allowance shall cover accommodation expenses, daily per diem and taxi fare to and from Donmuang International Airport to the designated hotel.

Please note that a Per Diem Form shall be signed at the end of each training course day as proof of attendance, counter signed by the Project Overseer/ Workshop Organizer.

For participants wishing to stay in the Amari Water Gate Hotel, please be aware that the organizer have negotiated special rates for group registration. It means if participants register with the hotel as participants of this APEC workshop, they will enjoy rates with discount. The relevant information on accommodation and per diem expenses will be included in the undertaking mentioned above
