## **11. GENERAL INFORMATION ABOUT THE PHILIPPINES AND VENUE CITY**

### **11.1 Philippines**

The Philippines, officially the Republic of the Philippines, is an archipelagic nation located in Southeast Asia, with Manila as its Capital City. The Philippines is composed of 7,107 islands in the western Pacific Ocean with a total land area of approximately 300,000 kilometers (116,000 square miles). It generally lies between 116° 41' and 126° 34' E longitude, and 4° 41' and 21° 10' N latitude, and borders the Philippine Sea on the south. The island of Borneo lies a few hundred kilometers southwest and Taiwan (Chinese Taipei) directly north. The Moluccas and Sulawesi are to the south, and Palau is to the east beyond the Philippine Sea. There is only one time zone for the entire country, which is 120° East Meridian Time and eight hours in advance of the Greenwich Mean Time (GMT +8). The Philippines is divided into three (3) island groups: Luzon, Visayas, and Mindanao. These are divided into 17 regions, 81 provinces, 136 cities, 1,494 municipalities, and 41,995 barangays.

The Philippines became a Spanish colony in the 16<sup>th</sup> century, and then a U.S. territory and commonwealth after the Spanish-American War. The Philippines gained its independence from the United States on 04 July 1946. Today, the Philippines has many affinities with the Western world, derived mainly from the cultures of Spain, Latin America, and the United States.

About 94% of Filipinos identify themselves as Christians, with 81% belonging to the Roman Catholic Church, 2% are composed of Protestant denominations and 11% either to the Philippine Independent Church, Iglesia ni Cristo, and others. Approximately 5% of Filipinos are Muslims.

The two (2) official languages of the Philippines are Filipino, which is based on Tagalog, and English.

The Philippines is home to many of the world's best beaches, diving spots, flora and fauna, and World Heritage sites.

Filipino culture is a fusion of pre-Hispanic indigenous Austronesian civilizations of the Philippines mixed with Hispanic and Indian culture. It has also been influenced by American Chinese and Middle Eastern cultures. As with many cultures, music (which includes traditional music) and leisure activities are an important aspect of the Filipino society.

Filipinos are a fun-loving people. Throughout the islands, there are fiestas celebrated everyday and foreign guests are always welcome in their homes.

**1.2 Makati**

The City of Makati is one of the cities and municipalities that make up Metro Manila, the greater metropolitan area of the national capital of the Philippines. It is the major financial, commercial and economic hub in the Philippines, often referred to as the financial capital of the Philippines since many global companies have their offices and headquarters in the city.

**1.3 Currency**

The Philippines' monetary unit is the peso, divided into 100 centavos. Foreign currency may be exchanged at any hotels, most large department stores, banks, and authorized money changing shops accredited by the Central Bank of the Philippines. International credit cards such as Visa, Diners Club, Bank Americard, Master Card, and American Express are accepted in major establishments.

**1.4 Climate**

The local climate is hot, humid, and tropical. The average yearly temperature is around 26.5°C (79.7°F) with humidity of about 77%. There are three (3) recognized seasons: hot season or summer from March to May, rainy season from June to November, and cold season from December to February.

**1.5 Electricity and Water Supply**

220 volts a/c is the common standard. 110 volts a/c is also used, especially in major hotels.

**1.6 Phone Services**

Local phones services are reliable. Both GSM and CDMA mobile phone systems are in operation although the former is more popular. Local SIM cards can be bought at any convenience stores near the venue.

**1.7 Local Transport**

Metered and fixed rate taxis are widely available in key cities nationwide. Jeepneys and buses are inexpensive ways to getting around most places. In Metro Manila, the fastest way of commuting is via the railway system. LRT connects the northern district of Monumento to the southern district of Baclaran with stations situated at major intersections. MRT traverses the length of Epifanio Delos Santos Avenue (EDSA) and connects North Avenue in Quezon City to Taft Avenue in Pasay City, passing through major arteries of Makati's financial district.

**1.8 Internet**

Broadband and wireless internet services are available at the meeting venue or any internet café in the city.

**1.9 Time Zone**

Time Zone is GMT + 8 hours, daylight saving time is not applicable.

**1.10 Where to go in free time**

A mix of commercial shopping malls and cultural sites are within the immediate vicinity of the Conference venue. The Ayala Malls (Glorietta and Greenbelt complexes) offer a good mix of high-end and low-budget retail shops.

A one-stop, self-sufficient retail center, Glorietta offers a wide array of shopping, dining, and entertainment options with a full range of specialty food stores and retail zones. On the other hand, the Greenbelt complex is a three-hectare park punctuated by cascading landscapes and carefully chosen water features re-imagines the typical mall and houses a roster of prominent and world-class retailers, restaurateurs and entertainment operators.

The SM and the Landmark are complete department stores with supermarkets.

The Filipinas Heritage Library located along *Makati Avenue, Ayala Triangle* is described as an electronic library: it discharges the traditional library functions of information storage, retrieval, and dissemination using the latest information and telecommunication technologies.

The new Ayala Museum boasts its historical collections of sixty handcrafted dioramas that chronicle the rich tapestry of Philippine history. Ayala Museum also features a one-of-a-kind boat gallery showcasing miniatures of some of the watercrafts that contributed to the development of Philippine maritime trade and colonial economy. Archaeological and ethnographic objects from the country's northern and southern cultural communities complement the historical collection. The fine arts collection features important works by three painters considered pioneers in Philippine art--Juan Luna (1857-1899), Fernando Amorsolo (1882-1972), and Fernando Zobel (1924-1984). Genre paintings from the 19th century Philippines are represented.
