

Program Status Report from the APEC-ESIS Secretariat

40th Meeting of the APEC
Expert Group on Energy Efficiency & Conservation

8 November 2012

**Anna Lising
Senior Associate
CLASP**

Operations and Maintenance Updates:

- As-needed technical maintenance and incident trouble-shooting; no trouble since last report

Content Updates:

- CLASP completed a comprehensive update to database entries for multiple APEC economies (Australia, Chile, Hong Kong China, People's Republic of China, and Vietnam)
- Additional updates will be completed in December 2012

APEC-ESIS has received generous support from SEAD to fund the following:

- Hosting and maintenance of ESIS webpage;
- Update of economy content in the database;
- CLASP's continued role as ESIS Secretariat; and,
- CLASP's participation at APEC meetings

ESIS budget expenditures for 2012 remain on track.

Currently ESIS has received no additional economy contributions

Online resource that allows policy makers and S&L practitioners to compare policies and regulations across countries and by product.
